# Summary of the Cariboo Wood Stove Exchange Program

***Note: based on information found at:***
http://wlapwww.gov.bc.ca/car/env_protection/woodstove/woodstove.html

-run during Spring 2002 and 2003 in communities of Williams Lake, Quesnel and 100 Mile House
-sponsored by Williams Lake and Quesnel Air Quality Roundtables, Western Hearth, Patio and BBQ Association and WET BC
-12 participating manufacturers and distributors
-9 participating retailers (2 in 100 Mile House, 4 in Quesnel and 3 in Williams Lake)
-coordinated by Air Resources Officer, Ministry of Water, Land and Air Protection (Williams Lake)
-15% discount offered by retailers, with trade-in allowances ranging from $100-$500
-tracked appliances going in and out of homes
-in 2002, 76 old stoves were changed out which spares ~ 3800 kg of smoke, ash and gaseous compounds in the next burn season alone
